

Full Time: Force.com Technical Architect (PANJ/NY/DE)

Company: CRM manager LLC, a wholly-owned subsidiary of CRM Services Corporation, is a leading cloud application implementation, integration and optimization firm. CRM manager is a Select Consulting Partner for [salesforce.com](https://www.salesforce.com) and is committed exclusively to [salesforce.com](https://www.salesforce.com) technology. CRM manager empowers organizations by driving business value through a disciplined approach, leveraging the complete power of cloud computing for sustained business performance. Headquartered in Malvern, PA, the firm offers complete salesforce CRM implementations, user training, on-going consulting services (The CRM manager Plan), collaboration programs (ChatterLaunch) and [force.com](https://www.force.com) development.

Job Description:

We are seeking a Force.com Senior Developer/Architect to be responsible for developing and supporting solutions on salesforce.com's Force.com platform.

Primary Responsibilities:

- Working closely with clients and our other consultants to determine project requirements
- Building client-specific solutions on the Force.com platform using Apex and VisualForce
- Developing integration processes using salesforce.com's Web Services API and third-party integration tools (Apex Data Loader, Boomi, Scribe, Informatica, etc.)
- Effective, expedient completion of client projects

Qualifications:

- B.S. in Computer Science/MIS with a demonstrated record of academic excellence
- 6 - 10 years total development experience
- 2-3 years experience with Force.com
- 3 years experience in salesforce.com development including creating custom objects, workflows, S-Controls, Force.com and Visual Force development and the Apex programming language
- Expert knowledge of object-oriented methodologies and approaches
- Expert knowledge of relational databases and data modeling
- Proficiency in HTML/XHTML, XML, Javascript, AJAX, SQL, Java, SOAP-based web services, Apex, and SOQL
- Experience with ETL tools
- Knowledge of enterprise systems, CRM, SFA and ERP
- Client-focused attitude
- Proficiency in all Microsoft Office applications (Word, Excel, Outlook, Access, etc.)
- Able to commute to client locations in the Greater Philadelphia Metro Area
- Excellent analysis skills and the ability to develop processes and methodologies
- Self-starter who can multi-task
- Team player with strong communication and interpersonal skills
- Detail-oriented individual with the ability to rapidly learn and take advantage of new concepts, business models and technologies

Desired:

- Force.com Level 3 Authorization
- Experience with consulting on salesforce.com
- 3 years experience in consulting, project management and/or sales operations
